

RFQ 5FY19 Question 4:

1. Does the building need to be supplied with any framed openings for windows, louvers, etc? If so can you provide quantities, sizes and approximate locations?

2. (1)6070 walk door is indicated on the rough schematic - is the quote to include door package and hardware for this? Any additional doors required?

3. Should the 25'x20' sliding hanger door system be included in base quote or is quote to supply ONLY the framed opening (hanger door by others)?

4. Will the end user accept an alternate manufacturers Insulated Metal Panel with EQUAL profile and finish to the 2" Kingspan Optimo IMP?

- There will be 3 window openings and 4 door openings. The windows and doors do not need to be supplied. The frames for the doors and windows are needed.
- The hangar door will be provided by others need the framed opening.
- As long as the color matches the panel walls can be by another manufacture.
