

RFP 6FY20 vendor question three

- In the RFP Document, part 4.2 Outline Format for Response, parts B and C reference appendix A.1 and A.2. However, we are unable to locate these documents within the RFP.
 - Question: Is it acceptable for us to furnish our own form that provides the necessary information requested **It is acceptable for you to provide your own form as long as all the information requested is supplied.**
- It's our understand that Florida statute has reduced retainage to 5% for public construction contracts. Will this apply to this project? **We will comply with Florida statute.**
- Will the Owner entertain value engineering options as part of our response to the RFP? **Please elaborate.**
- Can you confirm that there are no sole source requirements on this project except the use of Skynet **That is correct.**
- Should the General Contractor include in his price any deductibles for the builders risk policy **We would recommend whatever is the standard.**
- Will the Owner accept monthly payment applications that are executed electronically via docusign **Yes**
- Will the Owner work with the Awarded Contractor in regards to issuing the Notice to Proceed after the metal building shop drawings are approved to ensure that the time clock for contract completion is achievable. **Yes**
